WORK EXPERIENCE

Software Developer

Dresma

09/2022 - Present

Gurgaon, INDIA

Dresma is globally democratizing e-commerce visual content creation through the disruptive AI-driven DoMyShoot app, empowering sellers to instantly produce professional eCommerce images at a remarkable scale and low cost.

Achievements/Tasks

- Contributed to the creation of an innovative image technology platform leveraging Express and MongoDB through collaborative development efforts.
- Crafted dynamic dashboards with responsive design to enhance data visualization and user interaction, ensuring efficient and user-friendly experiences.
- Integrated a chat box seamlessly into the system using Twilio, enhancing real-time communication capabilities.
- Utilized a comprehensive suite of AWS services, including EC2, S3, SQS, Lambda, CloudWatch, Load Balancing, and API Gateway, to deliver a secure and cost-effective solution.
- Played a key role in implementing Jenkins CI/CD pipelining, streamlining the development and deployment processes for increased efficiency and reliability.

Software Developer

MyWebLink (Intern)

04/2021 - 07/2022

Bengaluru, Karnataka

MyWebLink offers an exclusive and complimentary platform for a company, providing a dedicated website where you can effortlessly sell anything, empowering businesses with a tailored and cost-free online presence.

Achievements/Tasks

- Successfully integrated product search and checkout APIs, enhancing the overall functionality and user experience of the system.
- Created a Career Counseling App
- Constructed a robust large-scale e-commerce website, deployed on a client-server architecture, to deliver a seamless and scalable online shopping experience.
- Configured SSL and domain for the website
